BILL NO. S-85-05-47 AS AMENDED

SPECIAL ORDINANCE NO. S- 75-85

AN ORDINANCE approving City Utilities Purchase Order #A-44232, by the City of Fort Wayne by and through its Department of Purchasing with Allen County Tractor Sales, Inc., for the Three Rivers Filtration Plant.

NOW, THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

SECTION 1. That City Utilities Purchase Order #A-44232, between the City of Fort Wayne, Indiana, by and through its Department of Purchasing with Allen County Tractor Sales, Inc., for the Three Rivers Filtration Plant, respectfully for:

amending the ordinance approving the awarding of a bid with respect to the purchase of a tractor and grain drill for the Three Rivers Filtration Plant;

involving a total cost of Fifty-One Thousand Nine Hundred Eighty-Eight and No/100 Dollars ($51,988.00), all as more particularly set forth in said City Utilities Purchase Order, which is on file in the Office of the Department of Purchasing, and is by reference incorporated herein, made a part hereof, and is hereby in all things ratified, confirmed and approved.

SECTION 2. That this Ordinance shall be in full force and effect from and after its passage, and any and all necessary approval by the Mayor.

DIGEST SHEET

TITLE OF ORDINANCE: SPECIAL

DEPARTMENT REQUESTING ORDINANCE: PURCHASING

SYNOPSIS OF ORDINANCE: An ordinance approving the awarding of a bid with respect to the purchase of Tractor and Drill for the Three Rivers Filtration Plant.

EFFECT OF PASSAGE: Enable the City of Fort Wayne to perform its function in a joint venture with the Allen County Soil and Water Conservation District to improve the water quality of the St. Joe River and its tributaries.

EFFECT OF NON-PASSAGE: The water quality improvement project would be unable to proceed.

MONEY INVOLVED (Direct costs, Expenditures, Savings):
Allen County Tractor - $15,702.00; East Allen Equipment Co. - $49,450.00.

ASSIGNED TO COMMITTEE (President):

BILL NO. S-85-04-47

SPECIAL ORDINANCE NO. S- _____

AN ORDINANCE approving City Utilities Purchase Order #A-44231, by the City of Fort Wayne by and through its Department of Purchasing with East Allen Equipment Co. and Allen County Tractor respectively, for the Three Rivers Filtration Plant.

NOW, THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

SECTION 1. That City Utilities Purchase Order #A-44231, between the City of Fort Wayne, Indiana, by and through its Department of Purchasing with East Allen Equipment Co. and Allen County Tractor, respectively, for the Three Rivers Filtration Plant, respectfully for:

approving the awarding of a bid with respect to the purchase of a Tractor and Grain Drill for the Three Rivers Filtration Plant;

involving a total cost of Sixty-Five Thousand One Hundred Fifty-Two and No/100 Dollars ($65,152.00) - (Allen County Tractor - $15,702.00; East Allen Equipment Co. - $49,450.00), all as more particularly set forth in said City Utilities Purchase Order, which is on file in the Office of the Department of Purchasing, and is by reference incorporated herein, made a part hereof, and is hereby in all things ratified, confirmed and approved.

SECTION 2. That this Ordinance shall be in full force and effect from and after its passage, and any and all necessary approval by the Mayor.

DIRECTOR OF PURCHASES

Memorandum

To Carole Offerle, Fort Wayne Purchasing Date April 11,1985

From Denver C. Howard, Filtration Plant

Subject Bid No. 740 April 4,1985

COPIES TO:

David Kiester

MY RECOMMENDATIONS FOR BID NO. 740 ARE AS FOLLOWS:

1. Purchase Marliss Grain Drill from Allen County Tractor Sales Inc. Marliss is equivalent to the Great Plains. Price $ 15,702 Low Bid.

2. Purchase the John Deere 4450 Tractor from East Allen Equipment Company for $ 49,450. This is not the low bidder, but the Ford tractor doesn't meet our engine specifications or transmission specifications (on the go shift). There is also the question about the front end which can cause steering problems.

1. Marliss Grain Drill Allen County Tractor	$ 15,702
2. John Deere 4450 Tractor East Allen Equipment Co.	$ 49,450
TOTAL	$ 65,152

Denver C. Howard

Denver C. Howard, Superintendent

Three Rivers Filtration Plant

DRILL	$19,958.00	$16,000.00
	$15,702.00 ALTERNATE	

A Proposal

For a Joint Venture between The

City of Fort Wayne

And The

Allen County Soil and Water Conservation District

To

Improve the Water Quality of The

Saint Joe River and its Tributaries

PROJECT PROPOSAL

A joint effort between the City of Fort Wayne and the Allen County Soil and Water Conservation District in a program designed to accelerate the adoption of conservation tillage as a viable alternative to conventional farming methods in the Saint Joe watershed.

Program Benefits:

Direct measurable benefits to the program would be twofold:

1. Improvement in the water quality of the Saint Joe River and its tributaries.

2. Reduction in the amount of soil erosion occurring on land in the Saint Joe watershed.

Indirect benefits to the program would be:

1. Eventual reductions in the cost to the City of Fort Wayne and its surrounding communities in purifying their water supplies taken from the Saint Joe River system.

2. A pilot project depicting city and county governments working together toward a common goal of environmental improvement goal.

PROGRAM OUTLINE

The City of Fort Wayne would initially purchase a no-till grain drill and tractor, then lease this equipment unit to the Allen SWCD at a rate of $1.00 per year. The Allen SWCD in return would agree to:

1. Make said equipment available to farmers in the Saint Joe watershed at a nominal rental fee.

2. The Allen SWCD would further agree to maintain and service said equipment for a period of five years or until both the district and city agree to liquidate said equipment.

3. The Allen SWCD would further agree to handle all responsibilities of scheduling, billing, and prioritizing use of said machinery.

4. The Allen SWCD would make the equipment available to the city during off seasons at which time the city would take responsibility for equipment condition and maintenance.

The City of Fort Wayne would further agree to provide an operator for said equipment unit. (This would be accomplished through the job training corp.)

1. Employee would report to the Allen County Soil and Water Conservation District Office during time of employment

2. Employee would be under direct supervision of the Board of Supervisors of the Allen County Soil and Water Conservation District or their appointed representativer (office manager).

3. Employee would be expected to perform the duties of maintaining and servicing making adjustments to, moving, and assisting in scheduling said euqipment.

The City of Fort Wayne would further agree to provide funds for the purchase of a handheld FM 2 way radio. The radio would be used by the above mentioned employee to keep him in constant communication with the Allen SWCD office or its employees.

The Allen SWCD would under the lease agreeement and through average furnished by the Indiana State Association of SWCD's from Farm Bureau Insurance cover all insurance liabilities covered by said policy.

Equipment will be provided winter storage by the Allen SWCD.

Said equipment will be either replaced or sold to highest bidder with proceeds from sale going to further water quality improvement of the Saint Joe River.

PROGRAM SUPPORT ARGUEMENTS

The land which lies in the St. Joe watershed is some of the most erosive in the state. Much of the soils in that region are eroding at a rate of 3 to 5 times faster than it can rebuild itself through natural processes of regeneration. No-till can reduce this erosion factor by 85-90 percent.

The problem of soil erosion doesn't end with the problem of productivity reduction. Water quality is directly affected by the rate of soil loss or sediment once it is moved or redeposited by water. Nutrient losses from cropland (phosphorous and potash) are in direct relationship to soil loss (except for nitrogen). Therefore, controlling soil loss also reduces the cost of removal of sediment, nutrient contamination, traces of pesticides, etc. from drinking water.

BID SPECIFICATIONS

The following specifications will be used in determining purchase of a farm tractor by the city of Fort Wayne.

Year:
1985

Engine:
Diesel powered
Minimum 425 CID
Minimum 140 PTO horsepower
Engine coolant heater

PTO:
Independent 540/1000-rpm rear

Transmission:
Minimum 15 speeds forward and 4 reverse
On the go shift

Electrical system:
12 volts/negative ground
Head lights, tail lights, working lights, warning lights

Instruments:
Hour meter, tachometer, fuel gauge, temperature gauge, oil pressure warning light, generator/alternator warning light

Front axle and tires:
Mechanical front wheel drive
Must be able to narrow to a center of tire to center of tire width of 62 inches or less
Maximum turning radius 24 feet with tires set at narrowest position
14.9 x 26/10 ply rating R1 tires or equivalent

Rear axle and tires:
Minimum rear axle length 106 inches
18.4 x 38/8 ply rating R1 tires or equivalent
Must be able to narrow to a center of tire to center of tire width of 62 inches or less

Selective control valves:
Dual remote cylinder control valves and ISO break-aways

3-point hitch:
Cat. 3N or 2 with Cat. 3N/2 Quick-Coupler
Minimum lift capacity 6000 pounds
Adjustable swinging drawbar

Steering:
Hydrostatic power

Brakes:
Hydraulic power

Weights:
Minimum 1400 pounds of front end weights with brackets
Minimum 500 pounds each side rear inside wheel weights

Operator protection

Cab with R.O.P.S. to meet O.S.H.A. standards with two post roll bars, seat belts installed, heater and air conditioner installed
Front fenders for mechanical front wheel drive
All factory installed standard operator protective devices

Delivery:

Delivery date of equipment to the City of Fort Wayne on or before May 1, 1985

Manuals:

Operator and service manuals on all equipment
